## **What is Proximity?**

### **“Prox” On-Course Challenge - Session #1**

Boys & Girls

.....following Player Check-In – Head to the Course!

Hit the Shots....similar to a round of golf

Stakes (hitting stations) on Each Hole Played

Skilled Division Positions      Less Skilled Division Positions

3 to 4 Person Teams

Each player hits from the positioned stake.

To Earn 1 point.....ball has to stay on the green

Closest ball to the hole earns 2 points.....winning the "Prox"

"In-the-Hole" earns additional points.

No putts.....move on to the next hole....for the next challenge.

**Why this Challenge?** To facilitate the player's ability to complete 9 Holes of Play within the given time-frame.....and to help each golfer to remain focused.....to keep their attention.

**The Goal is to give each player invaluable “course time”..... real targets..... focus on a critical scoring skill (approach shots are pivotal).....and  
GREAT FUN!!!**

**Players will see what they need to work on.....  
and motivate some players to recognize the value of SHORT GAME SHOTS.**

**Players will start to think “Proximity” to the flag.....  
a good focus for now and in years to come!**

**REGISTRATION: Bring check to first session attending. Registration forms attached.**

## ***What is "Target Par" Short Game Challenge ? - Session #2*** *a graduated length method of scoring par or better.*

Scoring is the ultimate goal. Performance is measured by score. What did you shoot?

**"Target Par"** is an on-course challenge providing the opportunity for players to experience an eagle, birdie, par.....but not more. This is accomplished even in the early stages of learning the game.....actually from Day 1.

This program is also referred to as **"Graduated Length Method"** of learning and advancing in the game.

### **How Does It Work?**

Individual players or teams of players start from a marker on the putting green. As the TARGET of PAR or better is scored.....individual players or teams will move back to the next station (marker).....with the TARGET of scoring PAR or better from that station.

As long as PAR is scored.....players move back to the next station (marker) until PAR is scored from all stations (markers).

### **Getting Started**

**Putting Green** - From a designated position.....record score of par 4 or better. Once this is accomplished.....advance to the next station.

**Chip Shot** - From a designated Chip Shot station.....chip & finish the hole.....with the goal of scoring a par 4 or better. Once this is accomplished.....advance to the next station.

**Pitch Shot** - Same procedures as stated above.

**Lob Shot** - Same procedures as stated above.

**Bunker Shot** - Same procedures as stated above.

### **From Designated Tee Markers with Emphasis on Short Game Scoring**

In a "Target Par" competition.....winners are determined by the individual or team advancing the farthest back from the green.

**REGISTRATION: Bring check to first session attending. Registration forms attached.**

## ***What is TARGET PAR – Step Back? Session #3***

*Start at Putting Green*

*On the Practice Range or Golf Course (if available)*

*From green area – move back to 25 yards – 50 yards –  
75 yards – 100 yards – and so on!*

*Hit from each station (identified by a stake) to the hole  
until PAR is achieved at each station  
for each level player or team.*

***Parents & IRGF Player Cadets serve as Scorekeepers for younger players***

**REGISTRATION: Bring check to first session attending. Registration forms attached.**

## ***Experience BIG SHOTS GOLF!!!***    **Session #4**

**3456 US-1  
Vero Beach, FL**

***Golf just got a lot more  
EXCITING!***

*Big Shots Golf brings technology to the game of golf.*

*Enjoy a wide range of golf games and course simulation  
you and your teammates can play from a  
climate-controlled tee box.*

*Let Coach Zac Courtenay introduce the feeling of competition  
Utilizing doppler based digital radar technology to track the  
accuracy and distance of each player's shot.*

*Test you skills at landing shots on a variety of island targets.  
The closer to the center of the target, the more points you earn.*

**REGISTRATION: Bring check to first session attending. Registration forms attached.**
